03. April. 2007.

**European Metalworkers' Federation
International Trade Union House
Boulevard du Roi Albert II (bte 10)
B-1201 Brussels**

Dear Colleagues,

As you already know, there has been a big accident in the Mittal-Steel plant in Zenica, Bosnia and Herzegovina in which 3 colleagues died. Because of that we informed you before and draw your attention to the difficult situation of our workers employed in these factories.

I am now taking this opportunity to ask you to help the families of our colleagues. The aid could be organised through the EMF, via the collection of donations from its members, then through the Sindikat Metalaca BiH – the Trade Union of Metalworkers of Bosnia and Herzegovina - to the families of colleagues who died.

Every joint effort is welcome: material help is important but there is also moral support. We would be grateful however if you could make a single financial contribution, in accordance with your possibilities, to start up this solidarity action and run it with us till the end.

The aid received could be announced publicly by us later during our public appearances in the country, and also by the EMF and its affiliates in their own countries.

**The collected donations could be sent to: SINDIKAT METALACA BiH
PRIVREDNA BANKA
SARAJEVO
SWIFT: PBSCBA 22
IBAN: BA 391011010000232739**

with the note: Financial aid to families of deceased workers of Mittal Steel in Zenica, Bosnia and Herzegovina.

In the hope of being able to count on your solidarity,

Best regards,

PRESIDENT
Ismet Bajramovic
